Happy Sabbath!! I was so excited to see some of you this past Sabbath in our virtual zoom class! I look forward to seeing everyone again this coming week! This week's lesson for the Juniors is about serving others in love. I already see this is so many of you, your willingness to help and serve others is wonderful. Those of you who spend your time calling and writing others in our church and community are extra special during this time, when hands on serving is harder to do outside your home. The Earliteen lesson this week discusses finding comfort and restoration in God before we take on the struggles of daily life. Remembering to have time to study the Bible, talk to God, and reflect and listen to him each day helps us to face relationships and life's everyday challenges. Continue to write/call each other and pray for each other. Enjoy your first week of May and the warmth that it will bring.
